Re: Case No. 18-cr-20491 compassionate release

Your honor, My name is TERENCE MARSHALL and I filed a compassionate release motion in your court June 20, 2020 (ECF NO. 39) and was denied, however you stated I could review my motion if there is a material adverse change in the COVID-19 situation here at F.C.I. morgantown. Your honor the situation here at morgantown is one of the worse in the BOP. this institution has 500 inmates on the take, and as of now 12-8-20, 125 inmates and 8 staff are positive, and that number is growing everyday just 5 days ago the institution reported 5 positive cases now 5 days later, its more than 25% of the whole population as well as 8 staff, there's no programming going on, no visits, no recreation no commissary, no hot meals, And I must remind you I'm in the (SHU) where I been since July 2, 2020 almost 6 months. And the institution refuses to

place me back on the compound, I was given 15-days discipline segregation. I been down here 156-days, I been in quarantine since step 9.2020 where you are not allowed recreation, law library or no kind of time out of your cell, meaning 24 hours a day. We get 2 phone calls a month 3 showers a week. In quarantine they check our temps every morning, but Your honor they only noticed the positive cases because of the Actual Covid-19 test, which is why there was so many when they found out, it had already spread, by the time they did the test. Also they placed inmates down here in the (SHU) showing symptoms & older inmates, turns out they are positive also, the other inmates are not showing symptoms, which is why the daily temp checking is not revealing, because they are asymptomatic. Also this institution is accepting self-surrenders and 5 showed positive those inmates where housed in my unit, and we use the same showers, and phones and we all have some kind of contact with the same guards, at meal time, or shower time, or phone use, this institution also has transferred over 50 inmates from Elkhon Federal Institution and most of those inmates are housed in the (SHU) until after a quarantine process, of 21 days, temp checks, and Covid-19 test, and Your honor these inmates are taking the rapid test, and even the staff don't trust the rapid test. Also they are feeding us cold-cut and peanut butter everyday. No hot meals, nothing nutritious and I have no choice in the meals and I have diabetes and

high blood pressure. so I can't just not eat  
and the institution gives me no choice but to  
eat all the things I was told not to eat  
And to watch art for. SO YOUR HONOR WILL  
you please inform yourself with the situation  
here at F.C.I Morgantown. And please reconsider  
your decision for a compassionate release with  
the information that's available to you so you  
can understand the facts for yourself to see  
that All I say is true. And appoint me  
counsel to review my motion for compassionate  
release.

Release plan

I plan on living at 1438 charwood with my  
kids mother CAVINA Dobbins & my 8 year old little  
girl,, CAVINA'S # 313-505-8567 to get conformation  
Also, if granted work with my sister at Northgate  
packing as well as follow up on the jobs I was offered  
upon me release, do A 14day QUARANTINE IN MY  
basement with e restrain to protect my family  
from being exposed to the virus, and whatever  
else is ordered by the court I realize what's  
important and it took me to come to prison to  
understand that and I will never put me or  
my family in this situation again I don't want  
to die in prison, and with All the things going on  
I feel I have been doing a harsh sentence  
then what I was sentenced to Respectfully

Thank you  
for your time
